- 3. Reset Password

DEVICE MANAGEMENT

4. Add New Device

User & Device Management Center

DEVICE OPERATIONS

- 1. Add New Device
 - Add Device Categories
 - 1. Entertainment
 - 1. Add TV
 - 2. Add Smart Speaker
 - 2. Climate Control
 - 1. Add AC
 - 2. Add Fan
 - 3. Add Air Purifier
 - 4. Add Smart Thermostat
 - 3. Lighting & Switches
 - 1. Add Smart Light
 - 2. Add Smart Switch
 - 4. Security & Safety
 - 1. Add Security Camera
 - 2. Add Smart Door Lock
 - 3. Add Smart Doorbell
 - 5. Kitchen & Appliances
 - 1. Add Refrigerator
 - 2. Add Microwave
 - 3. Add Washing Machine
 - 4. Add Water Heater/Geyser
 - 5. Add Water Purifier
 - 6. Cleaning (Robotic Vacuum)
 - 1. Add Robotic Vacuum

- 2. Edit Existing Device
 - Change Room Location
 - Change Device Model
 - Change Power Rating

- 3. Delete Device
- 4. View All Devices

DEVICE ALERTS & MONITORING

- 11. Create Time-Based Alert
- 12. Create Energy Usage Alert
- 13. View & Manage Alerts
 - Toggle Alert (Enable/Disable)
 - Delete Alert
 - Refresh Alert List
- 14. Check Alert Status
- 15. Alert Help & Information

5. Device Status Monitor

6. Device Control Panel

USER MANAGEMENT

7. Manage User Groups

GROUP OPERATIONS

- 1. View Group Information
- 2. Add Person to Group
- 3. Remove Person from Group (Admin Only)

DEVICE PERMISSIONS (Admin Only)

- 4. Grant Device Access to Member
- 5. Revoke Device Access from Member
- 6. View All Device Permissions

AUTOMATION & SCHEDULING

- 8. Energy Management Reports
- 9. Schedule Device Timers
- 10. View Active Schedules
- Edit/Update Timer

- └─ Cancel Timer
- └─ Force Execute Due Timers
- └─ 11. Calendar Integration
 - └─ Calendar Events Menu
 - └─ 1. Create New Event
 - └─ Device Automation Setup
 - └─ Select Devices
 - └─ Choose Actions (ON/OFF)
 - └─ Set Timing (Before/At/After Event)
 - └─ 2. View My Events
 - └─ 3. Edit Event
 - └─ Edit Event Details
 - └─ Edit Device Automation States
 - └─ Add New Device Automation
 - └─ Remove Device Automation
 - └─ 4. Delete Event
- └─ 12. Weather-Based Automation
 - └─ Weather Information Menu
 - └─ WEATHER DATA
 - └─ 1. Current Weather & Suggestions
 - └─ 2. Update/Enter Weather Data
